

EXTENDED ABSTRACTS

Those people interested in presented to the ICREPQ one original unpublished paper should send to the International Secretariat, before October 30th, 2019 and via e-mail, your extended abstract of a minimum of two A4 double columns pages or, preferable, your provisional full paper of a maximum of six pages (from 4 to 6), written in English to allow a peer review process by the international specialists of the ICREPQ International Scientific Committee (ICREPQ-ISC). Please submit your extended abstract or provisional full paper in Adobe Acrobat (.pdf) or MS Word (.doc) with the title of the paper, authors, your complete contact information and electronic address, five key words, interest of the work, objectives, main contributions and the four most important references, at the following electronic address: icrepq@icrepq.com, donsion@icrepq.com, secretariat@icrepq.com. You will receive a message about the reception of your E-mail.

Please fill up the Pre-registration Form and send it to us

The extended abstracts should be produced according to the same instructions that for the full papers then, please, use the ICREPQ-Template like guideline. The papers will be accepted based on the extended abstract or the provisional full papers submitted, which will be evaluated by the ICREPQ International Scientific Committee members in a peer review process and using the Evaluation Form (Word).

The high quality research papers presented at the ICREPQ conference could be published like articles in the electronic open access [Renewable Energy and Power Quality Journal \(RE&PQJ\)](#) with ISSN and DOI. The RE&PQJ will be indexed by SCOPUS.

All the papers presented at ICREPQ'20 and not included in the open access journal RE&PQJ can be include in the E&Q Journal (Energies and Quality Journal) ISSN: 2659-8779 and DOI

On the other side and like is traditional, most of the papers presented at ICREPQ can be included in a large number of different journals that usually publish many ICREPQ papers and some of them can be selected for to be published in one of the ICREPQ-Books that usually publish Cambridge Scholars Publishing.

STRUCTURE

The "18th International Conference on Renewable Energy and Power Quality (ICREPQ'20)" will be structured in:
