Routes

Tranvia de Tenerife has two lines linking with and connecting the main places of interest within the metropolitan area on the island, between Santa Cruz and La Laguna.

La Line 1 runs between the main public offices, cultural and educational centres, hospitals and service and shopping zones of the two cities.

La Line 2, which runs transverse to Line 1, connects the most densely populated areas of the two municipalities, La Cuesta, Taco and Tincer.

TWO LINES AT YOUR SERVICE LINKING SANTA CRUZ AND LA LAGUNA

A Metropolitan Zone connected by an excellent public transport service
