

MESSAGE OF THE ICREPQ SC CHAIRMAN

Dear Colleague,

It is our great pleasure to invite you to **ICREPQ'25 "23rd International Conference on Renewable Energy and Power Quality (ICREPQ'25)"**, to be held in Tenerife, Canary Islands, Spain, from 25th to 27th June 2025.

The ICREPQ is the major International Conference devoted entirely to renewable energy and power quality. Started in Vigo in 2003, is now established as a regular annual event that in this 23rd edition will be held in Tenerife, mainly in-person, but also online.

Very successful ICREPQ conferences were held in Vigo (2003), Barcelona (2004), Zaragoza (2005), Palma de Mallorca (2006), Sevilla (2007), Santander (2008), Valencia (2009), Granada (2010), Las Palmas de Gran Canaria (2011), Santiago de Compostela (2012), Bilbao (2013), Córdoba (2014), La Coruña (2015), Madrid (2016), Malaga (2017), Salamanca (2018), Tenerife (2019), Granada (2020), Almeria (2021), Vigo (2022), Madrid (2023) and Bilbao (2024). Now we want to organize a very unforgettable conference in Tenerife.

This Conference, like its predecessors, is a forum for specialists engaged in the fields of renewable energies and power quality, can discuss current progress and future developments and trends in these two important areas, and also in those topics like: electric vehicles, electrical machines and drives, power electronics, control strategies, monitoring and diagnostics, etc, that are connecting with them. For to exchange information and experience of developments, trends and applications, from researchers, academics and professionals. Topics related to practical applications, operations, maintenance and teaching are also highly encouraged.

You are strongly encouraged to participate and submit papers to the ICREPQ'25 Conference for regular and special sessions. Potential authors and other interested participants are most welcome to visit and discover the information of our conference web page. English will be the working language for all printed material, presentations and discussions.

If you attend to ICREPQ'25 then you can visit Tenerife, that is the largest and most populated island of the seven Canary Islands. It is also the most populated island of Spain. About five million tourists visit Tenerife each year, the most visited island of the archipelago. It is one of the most important tourist destinations in Spain and the world. Tenerife hosts one of the world's largest carnivals and the **Carnival of Santa Cruz de Tenerife** is working to be designated as a UNESCO World Heritage Site.

I would appreciate if you could send this information to Colleagues of yours that might be interested. Thank you very much for your interest and collaboration and I hope forward seeing you in Tenerife.

With my best wishes,

Manuel Pérez Donsión

Chairman of the ICREPQ Steering Committee
Full Professor of Vigo University
